

# Posterior Immediate Implant Placement

2 CE

Immediate

Posterior Implants

Andrew Hamilton  
DDS, FAGD

 May 7, 2026 | Thursday

 Avaneer Dental Studio Lab  
13617 E 11 Mile Rd, Warren, MI 48088, USA

## COURSE DESCRIPTION

Join us for a fun and engaging presentation by Dr. Andrew Hamilton. This course is designed to provide practical guidance on atraumatic extractions, and immediate implant placement. Selecting the correct socket sealing abutments to preserve gingival contours for ideal emergence profile. Dr. Hamilton will discuss clinical rationale, benefits, and key considerations when placing implants at the time of extraction. Attendees will learn how to identify different extraction socket types (A,B and C) and determine the ideal implant positioning and selection accordingly. The session will also explore guided vs. freehand approaches, soft tissue management options, and material choices for optimal restorations. Real-world clinical cases will be shared to illustrate techniques that can be applied in practice immediately and predictably-starting tomorrow.

## COURSE OBJECTIVE

By the end of the course, clinicians will be able to:

- Explain the rationale and benefits of immediate implant placement in posterior extraction sites
- Understand why implant design matters.
- Atraumatic teeth extractions discussion.
- Utilize the unique socket sealing abutment to preserve gingival contours for optimal emergence profile and hard and soft tissue preservation.
- Differentiate between guided and freehand implant placement techniques and identify when each approach is appropriate.
- Classify the different types of extraction sockets (A, B, and C) - differentiating protocols for each socket type.
- How to predictably measure stability of our implants

## TARGET AUDIENCE

Dentists. No pre-requisites required

## COURSE DETAILS

Educational Method	Lecture
Credit Hours	2 CE
AGD Subject Code	690 Implants

## TUITION

\$75

**Cancellation Policy:** Cancellations made 10 days or more prior to the course start date are eligible for a full refund. Cancellations made less than 10 days before course start date will not be eligible for refund

06:00pm - 06:30pm Registration

06:30pm - 08:30pm Lecture / Q&A Session

## ABOUT THE SPEAKER

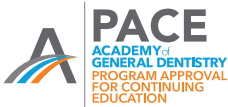

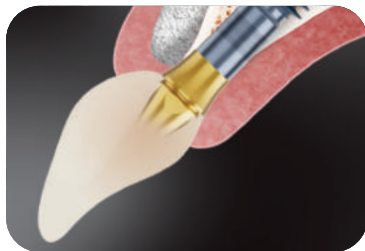

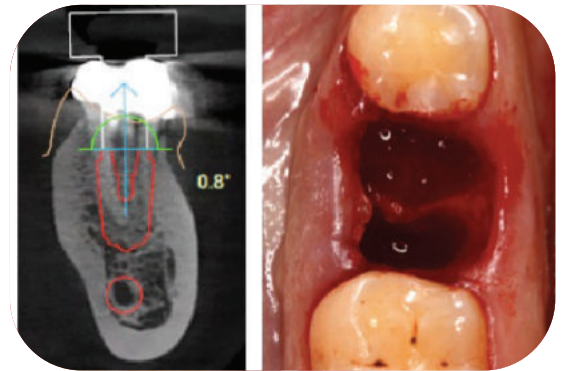

### Andrew Hamilton

DDS, FAGD

Dr. Andrew Hamilton is originally from the Kalamazoo area and maintains a busy general practice with a focus on implant dentistry in Portage, Michigan. He attended Michigan State University receiving a bachelor's degree in Human Nutrition/Human Physiology. His dental degree was completed at the University of Detroit Mercy.

Dr. Hamilton is an active member of several professional organizations including the American Dental Association (ADA), the Michigan Dental Association (MDA), the Kalamazoo Valley District Dental Society (KVDDS), the American Academy of Implant dentistry (AAID), the International Academy of Facial Aesthetics (IAFA), the American Society of Dental Anesthesia (ASDA). He has achieved fellowship status with the International Congress of Oral Implantologists (ICIO), International Dental Implant Association (IDIA), Global Dental Implant Academy (GDIA) and in the Academy of General Dentistry (FAGD) and is an alumnus of the Kois Center program in Seattle, Washington. He is a faculty and founding member of the Implant Accelerator training organization and individually mentors doctors all over the country on complex dental implant cases.
